I would be remiss if I didn't tell you how great the cheese is at Osceola Cheese or how good the food is at the two café's in Collins

Left turn HWY 54 East (past Mack's Creek)	45+miles
--	----------

The Intersection is Hwy J to the North Hwy U to the South, take the hairpin right (You'll see a Gas Station on your left)

Right turn HWY U South to Edith Turn-off	4 miles
---	---------

This is a windy road that turns to gravel at the "town" of Edith. The critical turn comes at a creek bottom (300 yds. past the intersection of Tunnel Dam Road) that is all gravel with a low water crossing to your left and right, go left! You'll turn left at the top of a hill and the camp is $\frac{1}{4}$ mile on your right.
